

Dear Friends,

On Monday, August 12, 2013, I am participating in the One Family Fund Golf Tournament, to help One Family Fund Canada provide much-needed assistance to Israel's more than 17,000 victims of terrorism. I am writing to ask you to support me by sponsoring me in the golf tournament. One Family Fund is the only organization that remains devoted to all victims of terror in Israel, from the moment of an attack until they no longer need our help...even if in some cases it's for the rest of their lives.

Last year Israel's enemies waged a major campaign of rocket attacks against innocent civilians, adding hundreds of new victims to the number of people that One Family was helping previously. Even if it appears that there is calm, for victims of terror, rebuilding their lives both physically and psychologically, training for new jobs, setting new goals and overcoming depression can take years and requires substantial resources. One Family provides necessary financial, legal and tuition assistance, therapeutic programs (such as healing retreats, workshops and camps) utilizing a network of caring professionals and lay people who create a supportive and loving family atmosphere.

Please help me to help Israel's terror victims with a generous donation.

To donate securely on-line please go to [www.onefamilyfund.ca/golf-tournament/golf-tournament-2013](http://www.onefamilyfund.ca/golf-tournament/golf-tournament-2013) and click on "Sponsor a Participant." You will receive a tax receipt from One Family Fund Canada for your generous donation.

Thank you for your kind support.

Sincerely,
